### Exploring Hong Kong's Cultural Resources Reimbursement Form

Please fill in the following information and submit it to the Morningside College Office, attached with **true copies of the ticket stubs**, the **deadline** as stated on the College website. The maximum amount that will be reimbursed per student is \$350 per academic year. Tickets should be student-priced, if available, and only one ticket per student per event may be counted. Eligible events are subject to approval by the office, and do not include commercial films, pop concerts, or sporting events. Please note that reimbursement does not accrue – if the \$350 is not used by the given deadline, the remaining amount will not be added to the student's reimbursement allotment the following year. Cultural events occurring after the deadline must be submitted for the next academic year.
